

Elemental Scientific Announces the Acquisition of Nuclear Adapt

Nuclear Adapt is now part of Elemental Scientific, adding a portfolio of specialized instrumentation ideal for nuclear environments and medical/pharmaceutical research.

Omaha, NE USA, April 22, 2024 – Elemental Scientific Inc is pleased to announce the acquisition of Nuclear Adapt of Bagnols-sur-Ceze, France.

Nuclear Adapt specializes in the development and production of systems and instruments to sensitive environments, primarily in the nuclear industry. Based in Bagnols-sur-Ceze, they have been a leader in their field for over 13 years.

Founded in 2011, Nuclear Adapt has distinguished itself and made itself known locally, nationally, and internationally. Thanks to the trust of their customers, they have been able to expand the scope of their expertise to design embedded systems, precision instruments, connected objects, robots and to produce customized solutions to meet your needs.

About Elemental Scientific Inc.

Elemental Scientific is a global leader in online monitoring and automation for elemental and isotopic analysis of liquid and solid samples. ESI and its subsidiary companies of MEINHARD, Analab and Elemental Scientific Lasers offer a diverse range of products for automating ICP/ICPMS instrumentation, sample introduction, consumables, and accessories. We are widely known for our innovative and industry-leading solutions. For any analytical application look to our expertise for enhancing productivity and improving detection limits and instrument uptime while reducing laboratory operating costs.
